

Redskin's Games

The UMD Rotaract club consistently helps other Rotary clubs in our district. As a service to the rotary clubs in our district our club works at Redskin's games at a food stand. We help to prepare food before the game and then help sell the food during the game. Not only do we get to help but we also get to watch the fourth quarter of the game!

It's a great opportunity to meet other Rotarians and Rotaractors from our district and learn what they do. In return for helping out we are rewarded with \$50 per person per game as fundraising for our club. It's a fun way to earn money and we get to watch the fourth quarter of the game!

"This is such a great opportunity to earn money and have fun. I always enjoy seeing new faces while helping out. Who can argue with making money and getting to see the most exciting part of the game, the fourth quarter!"

-Divyang, Rotaract Past President
